

Building Envelope Council Ottawa Region

Brock Conley, CanmetENERGY Brock is a building science researcher with Natural Resources Canada at their CanmetENERGY-Ottawa campus. He is actively researching how to reduce the environmental impact of residential construction through Prefabricated Exterior Energy Retrofits (PEER) program. Research interests include hygrothermal and practical challenges of prefabricated retrofits, introducing low-carbon, BIPV and low U-value triple pane windows to residential enclosures. Brock is also a professor in the Building Science program at Algonquin College and an assistant coach for the Carleton Ravens Lacrosse team.

Registration Deadline – Monday, November 10, at 4 PM (no exceptions):

Due to the need to conduct security clearances for all attendees, and related time required for processing this task, registration will close at 4 PM on Monday, November 10. NO EXCEPTIONS.

When you register, you will be required to provide the following information: name, organization, citizenship, email address, and phone number.

In addition, for parking on site (see below), we also will need to know if you have a limited mobility parking pass and will need such accommodation on site.

Parking & Tour Logistics:

There is plenty of room to park your vehicle on site – within limits.

Canmet can accommodate about 25 people per tour, and related guest vehicles. If we have a large number of registrants, we will add a second tour at the same time but with an opposite itinerary, to accommodate everybody. However, parking on site will be first-come, first-served, based on who registered first, and once we reach parking capacity, others will have to park off-site (nearby) and travel via shuttle from the overflow parking location. (Details to follow, if applicable – but we encourage people to car pool where possible.)

Note: Anybody with a limited mobility parking pass will be able to park on site.

Register on-line using BECOR’s new web site: [Upcoming Events – BECOR](#)

Seminar fees	Premium Corporate	Individual and Corporate Members	Non-Members
You MUST Register before 4 PM on Monday, November 10.	Free (with numbers limit)	\$28.00, plus HST	Sorry, not available.
